VOL. X

RICHMOND, CALIFORNIA, FRIDAY, JULY 25, 1913

No. 30

Union Files Answer In Injunction War

Series of Charges Made Against Pacific Gas and Electric Company.

Special to The Richmond Terminal. OAKLAND, Cal., July 25.—The International Brotherhood of Electrical Workers, Local No. 283, have entered an answer to the petition of the Pacific Gas and Electric Co. for an injunction preventing the electrical workers from picketing, boycotting or interfering in any way with non-union employees of the company. The answer charges:

"That 5 per cent per annum of the members of the said local are killed and have in the past been killed by the high power currents of the plaintiff, and in nearly all instances the plaintiff has refused to pay for said death."

"That the plaintiff has fattened and grown rich on the blood of the members of said local."

Other allegations in the answer are to the effect that the gas company is insolvent, and that it is preparing for a bond issue of \$5,000,000 to pay "dividends on watered stock."

North Richmond Coming Up.

Property owners in North Richmond are congratulating themselves that they invested in the right spot. In a few weeks a car line will no doubt serve this section, adding to the convenience and attraction of this nearby section of the city. Mr. Morsman of the real estate firm of Morsman & Keller informed the Terminal that they had just completed sinking a well 180 feet deep, and that the quality of water is soft and pure and cannot be excelled. He says the property owners in their tract will have the benefit of all this water they can use at \$1.00 per month. The firm will build a number of cozy cottages on terms that will be snapped up quickly. Morsman & Keller want to improve North Richmond, and they are adopting the right system—that of giving the owner of a lot a chance he cannot refuse if he is a coming resident, or even if he wants to rent or sell.

All North Richmond tracts—Wall's, Truman's, Nystrom's and others—will be quickly built up with nice residences as soon as the carline is in, which from present appearances will not be far off.

Dog Bites W. H. Terry.

A dog afflicted with rabies bit W. H. Terry on the arm yesterday morning. Precautions were taken at once to prevent any ill effects from inoculation of the disease.

California Home Building Co. Establish Offices in Richmond

Up to Date, Substantial and Reliable Firm That Will Be a Large Factor in Building Up This City—Personnel of Company First-Class Business Men.

The California Home Building company, incorporated, whose elegant offices have recently been opened at 1321 Macdonald avenue, is organized under the laws of California. Its capital stock is \$500,000, and a considerable portion is subscribed and paid. The company does a general real estate, insurance, loan and renting business, each having a separate department presided over by men experienced in these lines. The recommendations of integrity of the directors of the corporation are of the very highest. That this company will undoubtedly be a large factor in the building up of Richmond seems a foregone conclusion.

The company will especially adapt itself to the building and furnishing of homes for those of small means, although no limit is established if a person wants something elaborate. A subsidiary company, also incorporated, provides for the redemption of any stock held by a member in case he sees that he must have money readily, thereby assuring each stockholder a guarantee against loss.

Robert F. Burns, attorney and general manager of the company, is a man of wide acquaintance and his name at the head of the concern is in itself a sufficient guarantee of the reliability of the enterprise. His training both legally and commercially are a valuable asset to the company.

Hon. J. Stitt Wilson Interests His Hearers

Lincoln and Washington School Auditoriums Crowded With Eager Listeners.

Hon. J. Stitt Wilson spoke at the Washington street school last night and at the Tenth street the night previous. Scott Melville was master of ceremonies at the Lincoln school Wednesday night and Barnham & Fevers orchestra discoursed up to date music. Mr. Wilson touched upon questions of the hour that every thinking man is interested in, and his large audiences at both meetings were deeply impressed. He spoke at length upon the enslavement of the working classes by the power of money. He does not favor the administration's tariff policy, believing that the small factory is doomed. He said the practical principles of our government were wrong that permitted 30,000 Brooklyn children to attend school without their breakfasts.

He said the average life of the workingman is 39 years. Under socialism men would live out their natural lives and not be cut down prematurely. We need a biscuit at cost. A dreadnaught with a roof on the bottom costs fifteen millions. Why not have a ship with a roof over it for the same money?

Stitt Wilson's talks made many converts to the cause of socialism in Richmond.

Secretary of Navy "In Town."

Secretary of the Navy Daniels arrived in San Francisco this morning and will inspect the naval training station on Yerba Buena Island today. At the banquet at the St. Francis tonight he may give out the naval policy for the Pacific Coast. In an interview with the Terminal reporter Mr. Daniels said that the Atlantic coast had seven naval stations. The Pacific Coast should have at least five.

Richmond and Albany are sure of the naval base, and the secretary will be in Richmond tomorrow and tell us about it.

Tackled Wrong Motorman.

A bunch of boozefighters and toughs boarded a street car Sunday night at Stege and started trouble with the motorman. The motorman stopped his car, and with the assistance of the conductor there were a few things stirring, the bums receiving some bunches of fives, carbooks, controllers, etc., that soon convinced them that carmen are proficient in the art of "rough-work" themselves on occasions of this character. The toughs were not only "kicked," but were run in and fined.

City Council Vote To Call Election

Anti-Picket Ordinance "Ghost" Is Still Walking—Will Not Go Down.

The members of the city council were all in their seats at the council chamber Monday night and commenced the evening's business by taking up the "picket ordinance." By a vote of 7 to 2 the city clerk was ordered to call the referendum election to settle this "bone of contention," which the advocates of the ordinance and the "antis" have been "scrapping" over for the past six months.

It seems that the picket ordinance according to statements made by both sides, is the outgrowth of "personal differences" of opinion, and that the coming election is to ascertain "who's who," between certain politicians and the workingmen of Richmond. The workingman must receive a "spanking" and is to be utilized as the traditional goat to serve the ends of a few, a minority who represent only a small per cent of the citizenship of Richmond.

The workingmen of Richmond say they must have recognition, and that a peaceful picket ordinance is only a minor matter, picketing being seldom required in enforcing the demands of labor. They say that if the picket ordinance is to test the political strength of the workingmen, and their sympathizers, and the intent of the election is to cast odium upon certain labor leaders, who "must be suppressed at all hazards," that the workingmen will follow up their recent victory with another much more emphatic.

Seven out of the nine councilmen, Follett, Garrard, Penry, Hartnett, Fernald, Ludewig and Willis, voted to call the election at once. Councilmen Picton and Lane voting against it. Councilman Follett is taking the initiative in the "picket" matter, with ulterior political motives, knowing that the workingmen of Richmond have his "number," and that his political influence is on the wane and that he will be relegated to the "also ran" class should he again try for public preferment.

Council Proceedings.

Council ordered city attorney and engineer to prepare documents in regard to forming an assessment district for purchasing a six-acre park site for Point Richmond.

Santa Fe submitted diagrams of steel bridges at estimated cost of \$13,809 each for 16th and 20th street openings.

Traction company ask for more time in double-tracking and improving 23d street.

Improvement of 16th between Ohio and southern limits of city referred to street committee.

Specifications ordered for improvement of 11th from Chauslor to Santa Fe avenue. Same for improvement of First from Ohio to Cutting.

Marine drive was on motion of Penry ordered improved.

Condemnation of two lots obstructing improvement of Cutting boulevard at 16th street ordered.

Referendum election in matter of picket ordinance ordered by council ordered at once.

Mary D. Hopkins reappointed library trustee.

H. W. Wernse requested city to abandon Ellis Creek and adopt Cutting canal as waterway. City Attorney was requested to draft resolutions recommending same.

Ellis Landing and Lock Co.'s request for adoption of map by board not granted.

Bids on improvement of 12th from Barrett to Clinton to be received August 4. Also bids on 11th street.

Resolutions ordering opening of 5th and 8th across Santa Fe was adopted.

Follett, Garrard and Fernald were appointed committee on tunnel and highway.

Imperial Valley's All-American Canal

A Project That Will Make Our Harbor Improvements Look Small.

The water that irrigates Imperial Valley is taken from the Colorado river near Yuma and Laguna Dam and traverses several miles through Mexico, turning north into California and the Imperial Valley and distributed from the main canal throughout the county. This source of water supply has never been satisfactory, international complications and litigation seriously handicapping development of the greatest productive territory in the world. The engineers for the new all-American canal have just made their report, and the estimated cost of the big ditch is \$12,000,000. It is estimated that the canal could be constructed from Laguna Dam to the Mexican border, a distance of twelve miles, for \$850,000. The outlay from this point west through the sand dunes would be about \$9,000,000, including the \$2,500,000 power plant. This plant is to be 25,000 horse power, and will be utilized in furnishing light and power for the entire valley, which covers an area of fifty by eighty miles, 500,000 acres of which is now under irrigation. It was originally proposed to run subterranean canals through the sandhills, but this plan has been abandoned, open canals being considered more feasible. After reaching the mesa, the canal could be easily constructed a distance of 31 miles into the valley, where the distributing ditches branch out.

If the United States would purchase from Mexico a strip 25 miles in depth, the irrigation difficulty would be solved for the great Imperial Valley. This would permit building the canal through a practically level territory, and the project would be entirely under the control of the United States.

It is stated by some of the old pioneers in Arizona that Uncle Sam made a serious mistake when the original boundary line was surveyed by government engineers dividing Mexico from Southern California. The engineers became tired and ran the line too far north, giving Mexico a large chunk of the Colorado river delta lands that should belong to the United States. If they had dropped the line a little further south, Imperial county would be selling their rich silt land at \$500 an acre instead of \$150. And instead of 50 carloads of products leaving the valley per day the year round, there would be several hundred of cotton, hay, cantaloupes, watermelons, money, poultry, hogs, butter and alfalfa, the latter the greatest of them all, the monthly creamery check being the greatest attraction of "back to the farm" inducements.

BRIEF LABOR NOTES.

Workers in Chile are organizing at Humboldt, Cal., the unions maintain a union labor hospital.

Tailors at Winnipeg, Canada, have secured an increase of ten per cent.

New Zealand has a labor union membership exceeding twenty-two thousand.

German metal workers have the largest union in the world with over 500,000 members.

The picket ordinance is a "dead one." It never was alive. But it served the purpose.

Plans for the erection of a labor temple by the union of St. Paul are assuming definite form.

The unskilled laborers' union in Richmond will have a membership of 500 by the time they receive their charter.

The wages board of Victoria, Australia, has fixed a minimum wage for clerks, irrespective of sex, at \$12 a week.

There are more new buildings going up in Richmond than any city on the coast.

City Briefs.

Mr. and Mrs. H. L. Rockwood are sojourning in Southern California, enjoying the springs.

Cady Stearns, the popular carpenter, will soon leave on an extended visit to Ohio.

Mr. and Mrs. J. C. Smith are spending their honeymoon in the southern part of the state.

Mr. and Mrs. Charles Kruck of 1430 Lawton street, San Francisco, spent Sunday in Albany visiting friends.

Large delegations came in Sunday to look at the improvements and also to buy some of Richmond's fast advancing in value real estate.

James F. Hoey, deputy county tax collector, has gone to Denver as a delegate to the Woodmen of the World, representing the Woodmen of Martinez.

A sparrow's nest in the eaves of the Walborg hotel caught fire in some manner Monday evening and was the cause of some excitement, No. 1 being called out. No damage.

H. Stroele, the cabinet maker and furniture dealer at the subway, is doing a fine business, and will soon be compelled to enlarge his store. Things look good in the subway district.

Dr. G. Ghiglieri, accompanied by Mrs. Ghiglieri, returned to Los Angeles Saturday, after a pleasant sojourn looking after Mr. Ghiglieri's property interests on Macdonald avenue.

Henry Lottman, while delivering for the Golden West Brewery Co., was thrown from his wagon and seriously injured. The accident was caused by one of the horses stumbling in descending a hill near Grand Canyon park.

The Richmond Improvement Co. is employing a large force of men on their street improvement work in Richmond. Mr. Ditsil says that the men in the company's employ both skilled and unskilled are receiving top wages and both employers and employees are working in perfect harmony.

The meeting called for Sunday by Division Superintendent J. W. Walker of this division of the Santa Fe was attended by Local Agent W. B. Trull and Chief Clerk Ira S. Pearce. Mr. Pearce says it was hot enough in Fresno to fry eggs on the sidewalks, and that bay climate is much more "congenial," from a "weather point of view."

MINOR NEWS NOTES OF THE WEEK

Brief Mention of Interesting Events From All Parts of the Globe

Goings and Happenings That Mark World's Progress—Personal, Political, Historical

Pittsburg—Commissioners of Allegany county have appropriated \$13,000 for pensions to mothers who have dependent children.

Washington.—Dr. Paul S. Reinsch, professor of political economy in the University of Wisconsin, has been selected for minister to China.

Atlanta, Ga.—Augustus O. Bacon was re-elected to the United States senate by direct vote at the first election under the new amendment to the constitution.

New York.—A seat on the New York stock exchange sold Thursday for \$37,000 \$1000 less than the last sale, made a few days before, which was the lowest in recent years.

Hamburg.—The strike declared by the workmen in the shipbuilding yards here has extended to other trades, and it is estimated that over 20,000 persons have laid down their tools.

Mexico City.—General Felix Diaz has been named as special ambassador to Japan to express the thanks of Mexico to Japan for the latter's participation in Mexico's centennial in 1910.

Paris.—Under the proposed three-year military service system the term of service will begin at the age of twenty. This arrangement was voted in the chamber of deputies, 76 to 199.

Buenos Ayres.—By way of ending its discussion of the alleged meat trust in Argentina the chamber of deputies named a commission to study the question and recommend measures for safeguarding the meat industry.

East Orange, N. J.—The East Orange board of education has declined to permit Tinko Yorit, a Japanese butler, to become a pupil at the high school. He is twenty-one years old and on that ground the board bases its refusal.

Washington.—Corporations of the United States earned \$3,304,000,000 above all expenses during the calendar year of 1912, exceeding all previous records since the enactment of the corporation tax law by \$400,000,000.

St. Paul, Minn.—The 2-cent fare rate on all railroads in Minnesota affected by the recent decision of the United States supreme court went into effect Monday. The lower merchandise and commodity freight schedules were filed the same date.

Washington.—Senator Owen has introduced a resolution calling upon the president to suggest to the nations of the world the holding of an international conference to put a general limitation upon war preparations and for the promotion of world peace.

Washington.—The United States treasury handled in actual cash during the fiscal year ending June 30 the stupendous sum of \$7,071,520,000, breaking all previous records and stamping the federal treasury, officials declared, as the greatest banking institution in the world.

London.—It is reported that the German agents who came to London seeking radium have bought every available gram of the British supply which is only one-eighth of the quantity wanted. They paid cash down. The present price of radium is equivalent to \$2,400,000 an ounce.

Boston.—The resignation of Henry J. Horn as vice-president of the Boston and Maine railroad is announced. No explanation is made. A year ago he retired from the New Haven management. Before coming east several years ago he was connected with the Great Northern railroad.

Charleston, W. Va.—The Paint Creek Collieries company, operating nine mines on Paint creek, have signed the agreement of the United Mine Workers of America and the miners' strike on that creek is expected to be called off at once. A strike is still in force on Cabin creek, which adjoins.

Washington.—In celebration of the forty-ninth anniversary of his birth, Secretary Lane, assisted by Mrs. Lane, held a reception in the great court of the interior department for the 4000 employees of the department. The "birthday party" was attended by hundreds of people prominent in the social and political life of the national capital.

Union Pacific Free From Southern Pacific

New York.—With a slip of paper in his pocket representing about \$88,000,000, Frederick V. S. Crosby, treasurer of the Union Pacific Railroad company, walked into the office of the Central Trust company. He turned the paper over to the trust company, and thereby completed the first step in the dissolution of the Union Pacific and Southern Pacific roads, as decreed by the courts. The document was a certificate for Union Pacific holdings of Southern Pacific, exclusive of those turned over to the Pennsylvania railroad in exchange for that road, holdings of Baltimore and Ohio. The trust company was designated by the certificate to act as trustee pending distribution of the stock among persons not holders of Union Pacific stock.

News of Pacific Coast Condensed

Dinuba.—Barely 40 per cent of the normal watermelon crop will be shipped from here this season. Late frosts are responsible.

Sacramento.—An apportionment of \$572,189 of state school money has been made by Superintendent Hyatt to the common school funds in the fifty-eight counties of the state.

Berkeley.—Two violators of the weed ordinance, one a woman, have been arrested by the local police department in its campaign to enforce the provisions of the city charter relating to the cleaning up of vacant property.

Los Angeles.—According to Statistician Henry Sief of the board of health there were 8058 births and 6116 deaths during the fiscal year ending June 30 in Los Angeles. Births increased 141 over the previous year. Males predominated.

Washington.—On recommendation of Secretary of the Interior Lane, President Wilson has signed the order which permits patents to issue to California for certain lands embraced in its indemnity school land selection list No. 3713 in the Sacramento district.

Berkeley.—This city is to have a woman for the pastor of one of her churches. Dr. Ella W. Brown, formerly head of the English department of Fairmont college, Wichita, Kansas, is now pastor of the Bethany Congregational Church here.

Stockton.—The Citrus Fruit Products company of San Francisco has taken a ten days option on the Lodi Grape Juice factory, for the purpose of looking into the title. The price is said to be in the neighborhood of \$27,000 for the plant and equipment.

Sacramento.—The first application for the formation of a county fire district under the state law for the protection of forest and brush areas has been received by State Forester Homans from John J. Mazza, president of the Marin Promotion League, Marin county.

Santa Cruz.—The fifty-seventh annual convention of the Christian Churches of Northern California has closed its session here. Two hundred delegates were present. Dr. H. O. Breeden of Fresno was made chairman of the convention and J. J. White of San Francisco secretary.

Berkeley.—Paul Boenckne has been appointed teacher of Latin at the Berkeley high school at a salary of \$1500. He is the former instructor in German at the University of California who resigned because he could not maintain a wife and two children on a salary of 900 a year.

Sacramento.—State Treasurer E. B. Roberts has sold \$600,000 worth of State highway bonds from a block of \$1,200,000 worth to the state board of control at par and accrued interest. The money will be used for the construction of state highways under the \$18,000,000 bond issue.

Berkeley.—To aid in the teaching of the students in the California institution for the deaf and blind in musical studies a donation of \$500 has been made by the nobles of the Islam temple in San Francisco, the money to be used in purchasing instruments for the formation of an orchestra by the pupils.

Palo Alto.—Figures compiled by C. H. Jordan, city auditor of Palo Alto, show that the city has received \$56,483.60 from the sale of electricity and water to local consumers during the past fiscal year ending June 30. Of this total, \$22,189.75 came from water sales and \$4,29.85 from sales of electricity.

Washington.—Representative Raker has introduced in the house an urgent deficiency bill, appropriating \$50,000 for the interior department to use in disposing of the 2200 cases now on appeal from the general land office. Secretary Lane recently asked congress for the appropriation. Many of these cases are from California.

San Francisco.—Walter E. Hettman, clerk in the office of the United States district attorney, has been appointed assistant United States Attorney, with a salary of \$2500 per annum. The dispatch added that the appointment was authorized for thirty days. Hettman has been assured by his friends that the appointment will be made permanent.

Washington.—If the people of the Sacramento valley raise \$40,000 for a survey of the proposed Big valley reclamation project in Modoc and Lassen counties, the department of the interior will spend another \$40,000 for the survey. This was announced by Secretary Lane, who said he had recently carried out a similar co-operative plan in Oregon.

Portland, Or.—Wednesday last was the first pay day in the county pension department under the new state law. Widows to the number of forty-three arrived during the forenoon at the county clerk's office and secured warrants for the amounts awarded to them by Juvenile Judge Gatens, ranging from \$10 to \$47.50. The total payroll for the month amounted to \$1066.

Nome Entertains Tourists

Nome, Alaska.—The Seattle Chamber of Commerce tourists were entertained at a banquet given by the local business men. Seth Mann of San Francisco, President Wilson's representative on the 8000-mile tour, was greeted with cheers when he told the assembled Alaskans that the president had not forgotten Alaska and was giving the railroad and the coal question careful consideration.

RATES REDUCED ON PARCEL POST

Extension and Improvement in System to Become Effective August 15

The Maximum Weight Limit of Twenty Pounds to Apply to First and Second Zones

Washington.—Plans for the extension, improvement and reduction in rates of the parcel post are announced by Postmaster Hurlston. The changes, which are to become effective August 15, include an increase from eleven pounds to twenty pounds in the maximum weight of parcels, a material reduction in the postal rates in the first and second zones and the abandonment of the parcel post map as a means of computing rates and the substitution for it of a rate chart individualized to every postoffice in the United States. The plans contemplate the purchase of a large number of automobiles to be used exclusively for the delivery of parcel post matter.

While, for the present, the maximum weight limit of twenty pounds and the reduction of rates will apply only to the first and second zones, from any given postoffice—a distance of about 150 miles—the changes directed constitute the first long step toward a universal extension of the system, and a general reduction in the rates of postage on parcel matter.

"It is my expectation and belief," said Postmaster General Hurlston, "that eventually—and it may be fifteen or twenty years—the postal service will handle practically all the small package transportation business in the United States. The maximum weight limit, extended now from eleven to twenty pounds, I expect to see increased to 100 pounds, and experience may demonstrate the practicability of handling the parcel business at even lower rates than we now propose. I appreciate fully the sentiment for an increase in the weight limit and a reduction in weights to all zones, but it is necessary for us, in a sense, to feel our way. For that reason we have made the changes proposed apply only to the first and second zones."

Hurlston announced the changes as follows: "The first zone shall include the territory within the local delivery of any office, and the first zone rate of postage will apply to all parcel post mail deposited at any office for local delivery by city carrier or on rural routes emanating from that postoffice. "The second zone shall include the remainder of what is now the first zone, together with the present second zone, and shall include all the units of area located in whole or in part within a radius of approximately 150 miles from any given postoffice.

"The rate of postage on parcels weighing in excess of four ounces in the proposed first zone will be reduced from 5 cents for the first pound and 1 cent for each additional pound or fraction thereof to 5 cents for the first pound and 1 cent for each additional two pounds or fraction thereof, and the rate for the second zone will be reduced from 5 cents for the first pound and 4 cents for each additional pound or fraction thereof to 5 cents for the first pound and 1 cent for each additional pound or fraction thereof.

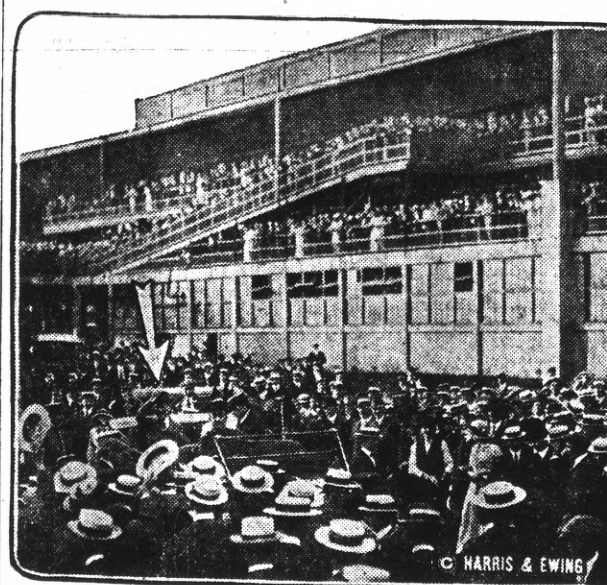

"The maximum weight of parcel post packages will be increased from eleven pounds to twenty pounds, the increase of weight to apply only to the first and second zones. No change has been made in the size or form of package." Statistics gathered by the department show that quite one-third of the total parcels mailed are handled within the proposed first and second zones, and the postmaster general believes the increase in the weight limit and the reduction of the rates of postage in the first and second zones, as proposed, will benefit greatly more than one-third of the public; and that the producer, consumer and the local merchant will profit materially by the changes. He points out, too, that the farmers who were led to anticipate much benefit from the parcel post service will be afforded a cheap means of transporting their products directly to the consumer and that the local merchant whose trade does not justify the employment of extensive delivery service also will be benefited, as the service will put him in close touch with his customers. The rate sheet, which is to be used as a substitute for the parcel post map, will be prepared as soon as practicable and attached to the parcel post guide.

Postal experts estimate that, with the proposed changes in the parcel post system in operation, the revenues of the postoffice department will be so increased as to show a substantial surplus at the end of the current fiscal year.

Union Pacific Opens New Western Cutoff

Omaha.—President Mohler of the Union Pacific railroad has made of a formal announcement of the completion of the cutoff between Topeka, Kan., and Gibbon, Neb., which will be double tracked. The new line will be used particularly in emergencies, when, for any reason, the Kansas lines are tied up.

POPULAR WITH WASHINGTON BALL FANS

President Wilson and his party leaving the baseball park of the Washington American League Baseball Club. This opportunity of seeing the president is rapidly becoming a feature of baseball in Washington and the fans hurry out to the exit after the game to catch a glimpse of him. He attends the game almost every day and is a dyed-in-the-wool fan. He is an enthusiastic rooter and gets almost as much attention as the game.

Chief Meyers of the Giants has recovered from his batting slump.

Braden Direct, 2:02% pacer, is expected to be the sensation of the circuit.

The acquisition of Zelder and Boron by the Highlanders has made the Giants climb.

Ray Keating of the Highlanders promises to be one of the pitching stars of the year.

Outfielder Wheat of the Dodgers is doing great work with the club for Manager Bill Dahlen's team.

The Detroit Tigers have signed "Hoops" Kelly, now a student at St. Anselm college, Manchester, N. H.

Helmie Zimmerman, the great hit-smith of the Cubs, attributes his success as a batsman to playing golf.

Graney, who is playing in the outfield for Cleveland, used to be a pitcher. He is playing fine baseball this year.

Manager Tom Flood of the Winnipeg team of the Northern league has signed Pitchers Elmer Steele and Jake Thielman.

Oille Chapman, last year a star outfielder in the Blue Grass league, is playing with the Covington Federal league club.

Manager Joe Kelley's Toronto team, International league champions, has had pretty tough picking since the season opened.

Manager Connie Mack is happy again because Chief Bender, his star hurler, has rounded into form. Bender is pitching splendid ball.

If Clyde Milan of the Senators keeps up his present pace on the bases, he is very apt to exceed his record of last season, when he stole 33 bases.

"Every addition to the Boston club is one of speed," says Manager Stallinger. "We are not taking on any man slower than those we have."

President Dave Fultz of the players' Protective association believes he is going to get representation for the players on the national commission before long.

Louis Thomas, pitching for New Haven, in the Eastern association, has been doing a little of the Walter Johnson stuff himself. His first three games were shut-outs.

Long Larry McLean must have at last discovered that water has other uses besides being good to wash in. He is showing up well behind the bat for Huggins' Cardinals.

Manager McGraw says that anyone doubting that Jim Thorpe is a professional ball player can roll around on pay day and watch the Indian grab his check with the rest of them.

Ira Thomas, the tall catcher of the Athletics, has changed his batting form and is hitting much better. He now crouches while at the plate instead of standing erect as in former years.

Bobby Wallace, the veteran of the St. Louis Browns, who has been in harness for nearly twenty seasons, says that he has never seen Walter Johnson's equal. Wallace can't see how Johnson ever loses a game.

President Murphy of Chicago insists

Would Put Nicaragua Under U. S. Protectorate

Washington.—Secretary of State Bryan has laid before the senate committee on foreign relations a proposal to establish by treaty what amounts to an American protectorate over the republic of Nicaragua.

Secretary Bryan proposed to incorporate in the pending treaty with

When the Reds are on the road they are not journeyman tinkers.

Ray Schaak is throwing them out one and all as they try to steal second on him.

The Great Falls club of the Union association has signed Pitcher "Flame" Delhi, late of the Pacific Coast league.

Viox, the young Pirate, has a ferocious style at bat, brandishing his club at the pitcher and threatening destruction.

Viox, the young infelder on the Pirate team, is a fast man and has done so well that he will likely be a fixture at second.

Pitcher George Kahler of the Naps has rounded into form. Manager Birmingham now declares that he has the best pitching staff in the league.

Manager Griffith's pitching staff seems to be considerably improved. Groom is back in tip-top form and Mullin will help them out a little.

In Lee Magee Manager Miller Huggins of the Cardinals has a player of the highest rank. His batting and fielding have been of the star order this season.

Danny Murphy of the Athletics says the Washingtons are the only team that stands a show of beating out Connie Mack's crowd for the flag in the American league.

Charley Hickman, formerly Washington player, who is coaching the University of West Virginia team, says Griffith is a wonder and is pulling for him to win the pennant.

Manager George Stallings of the Boston Braves is so greatly impressed with the wonderful speed of Wilson Collins, the college pitcher, that he is determined to make an outfielder of him instead of a pitcher.

The Cincinnati team now has an "advisory board" in every game. Tinker, Kling and Brown compose the board, and their counsels are marked by much discussion as to the best way to bring the team up to date.

All the big university varsity eight-oared shell crews will use new boats in their races.

Hugh McIntosh has quit the Australian fight game. Australia will now proceed to crawl off the map.

The Dominion Lacrosse association of Canada, limited, has been incorporated with a capital stock of \$20,000.

Walter Cox has dropped his stake horses down below 2:20 and reports are to the effect that they are in fine trim.

The Broncho, 2:00%, is to be bred to Empire Direct, Charley Dean's candidate for the Chamber of Commerce stake.

Yale university's football squad, which turned out for spring practice, numbered 75 candidates, the largest in five years.

Australasia held the Davis cup from 1907 to 1912, when England won this trophy emblematic of the world's tennis championship.

Tom Keane, trainer of the athletic teams at Syracuse university, has been appointed general superintendent of the Syracuse playgrounds.

George Hodgson, the champion

Nicaragua three clauses of the so-called "Platt amendment," which constitute the effective control that the United States now exercises over the republic of Cuba.

It was at the request of special commissioners from Nicaragua that Bryan took the proposal under consideration and laid it before the president for his approval. This approval, it is understood, has been given without the slightest reservation by President Wilson.

The Best Home Lighting Is Possible For You.

Electric lighting gives less trouble than any illumination. It does not soil walls and ceilings. You save in decorating costs. You can use as little as you want, or as much—from two candle power up. House wiring and fixtures are a sound investment—not an expense. Let us show you.

The Modern Way of Keeping House

Cooking with gas is the modern way of keeping house. Cooking with coal or wood means hot, hard, dirty work. And sometimes the stove won't "draw."

When you cook with gas there is no dirt or no trouble. The kitchen is always clean.

Why not investigate "Pacific Service."

The Southern California way

"We always speak as we pass by"

Editor Elson of the *Pineapple Times* denies the soft impeachment. He says he has no intentions of getting married, and is not working any advertising stunts of this variety.

The fish trust shifts the blame on the fishermen's union for the exorbitant prices charged for fish. Old "Uncle Trusty" has never divulged the wages he allows his fishermen. Everybody would laugh if he did.

There is not so much knocking of late on California's "freak legislation." When a bunch of Missouri senators come to California to investigate our laws and "be shown" that the present administration is in right with the people by enacting laws in the interest of the latter, it even dawns upon the apathetic that California is far in advance of many of the eastern states in progressive ideas. "We lead, others follow."

The red light abatement law will be the subject for discussion by the physical education conference at a meeting Saturday morning, July 26 (tomorrow). Since the referendum has been invoked against this new law, arguments in favor of sustaining the measure will be presented by a number of speakers, including Miss Fanny McGinn, vice president of the California Civic League; Prof. Thomas H. Reed, Mrs. J. W. Orr, president of the California Federation of Women's Clubs; Dr. J. C. Spencer of the medical department and S. C. Evans of Riverside.

If a special election is called to vote on the picket ordinance it will cost the taxpayers about \$800, and stir up enough class strife measured in dollars to build a city hall. Why not put the picket matter on ice till the next general election? Employer and employee are working in harmony in Richmond. There is no imminent danger of picketing at present. With the currency and tariff questions attracting our attention, the picket ordinance could lie on the table awhile. Two or three disgruntled politicians who are trying to kick labor's horn dog around represent only a small minority. The whole people take a broader view of the situation.

Will Talk on Tidlands.
Colonel Thomas Rees of the United States Engineering Department will speak before the Alameda East End Club, his subject being "Alameda Tidlands." The date has not been set, but will probably be in August.

Social Events.
H. Gordon Stevens will visit his uncle, Senator Francis Newlands at Hotel Fairmont.

The annual ball of the Pythian Sisters, held in the Castle Saturday night, was one of the social events of the season. The music was excellent and the hall decorations a work of art.

The program rendered by St. Mark's church Saturday night at Maple hall was highly appreciated by the large attendance. The hall was gaily decorated. Dancing followed the entertainment. The committee in charge: E. B. Carrigan, Paul Farrell, P. Breen, M. J. Dolly, John Desmond, H. Anderson, J. Maddigan and J. McDonald.

West Side Park.

Through the activity of the Point Richmond improvement clubs, comprising the woman's club and the commercial club, the west side of the city may have in the near future an attractive park, something that will be appreciated by the residents of that section. The city engineer and city attorney were ordered by the city council Monday night to prepare an assessment district for a park to cover an area of six acres on Richmond avenue, a most desirable location, affording a beautiful marine view. Among the west side citizens promoting the park improvement are Mrs. J. F. Eaton, Mrs. Paul Dunlap, E. J. Garrard and O. J. Jackson.

PIONEER POSTMASTER.

The resignation of Miss Lizzie McGinn, assistant postmistress, has created no little surprise among this city's many Richmond friends. On March 4, 1901, Miss McGinn received the appointment as postmistress of Richmond, then a small village, her appointment being made immediately following the kidnapping occurrence, when the office was removed by "political burglars" to another part of the city and was forthwith ordered returned to Barrett, as was the government. Miss McGinn had the endorsement of Secretary of the Navy McCall, who was actually acquainted with the local situation.

The wonderful growth of Richmond and postoffice history is well known to older residents. Miss McGinn has worked hard in a very trying position, with insufficient help and until recently inadequate equipment. Uncle Sam takes his time in keeping abreast with the rapid growth of western towns, and Miss McGinn will long be remembered for her patience and efforts to please and render efficient service.

Postmaster Jenkins will lose a valuable assistant in the resignation of Miss Lizzie McGinn.

Just For Instance.

Editor Richmond Terminal: As a property owner and taxpayer of Richmond, I write for point of information. Has there ever been published a statement of the expenditures by the city on the harbor and tunnel preliminary work? Do the taxpayers know how much of the \$200,000 bonds voted by them has been expended? There are statements being made that the city may have to vote another issue in addition to the \$50,000 to carry on this work. Why is a detailed statement not forthcoming? Is there anything secret about harbor and tunnel expense? That the people should not know?—*Protonia.*

(The Terminal is not on the "inside" and cannot give Pioneer the desired information. The city's accounts are now being audited, and the expert's report should give the figures.—*E.*)

Contractor W. R. Turner, the cement worker, has a large force of men on the Checkered Front stables job on Standard avenue. Mr. Turner employs high class union workmen and makes a specialty of paying top wages. This means a good work.

CERTIFICATE OF BUSINESS DESIGNATION.

This is to certify that A. S. Whiteside, whose residence is Richmond, California, and Robert Dorman, whose residence is Richmond, California, did on June 1st, 1913, form a partnership to do a general supply, coal, oil, feed, drapery and express business, at the city of Richmond under the firm name and style of Richmond Supply Company.

That said A. S. Whiteside and Robert Dorman are the sole owners of said business and the only persons interested therein.

In witness whereof, we have hereunto set our hands this 15th day of June, 1913.
A. S. Whiteside,
Robert Dorman,
State of California, County of Contra Costa.
On this 15th day of June, one thousand nine hundred and thirteen, before me, C. A. Clark, a Notary Public in and for the said county of Contra Costa, State of California, residing therein, duly commissioned and sworn, personally appeared, A. S. Whiteside and Robert Dorman, known to me to be the persons described in said co-partnership whose names are subscribed to the foregoing instrument, and they acknowledged to me that they had executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal, the day and year in this certificate first above written.
C. A. CLARK,
Notary Public in and for the county of Contra Costa, state of California.
[Seal] Jc47125

SUMMONS.

In the Superior Court of the county of Contra Costa, state of California.

Florence B. Rattery, plaintiff, vs. Thos. E. Rattery, defendant.

Action brought in the Superior Court of the county of Contra Costa, state of California, and the complaint filed in the office of the clerk of said county of Contra Costa.

The record of the county of Contra Costa, state of California, shows that Thos. E. Rattery, defendant, is a resident of the county of Contra Costa, state of California, this 7th day of April, A. D. 1913.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the county of

Contra Costa, state of California, within ten days after the service on you of this summons, if served within this county, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment against you for any money or damages demanded in the complaint, as arising upon contract or will apply to the court for any other relief demanded in the complaint.

Given under my hand and the seal of the superior court of the county of Contra Costa, state of California, this 7th day of April, A. D. 1913.
J. H. WELLS, Clerk.
G. F. BARKLEY, Deputy Clerk.
J. M. Opsahl, attorney for plaintiff, Richmond, Cal.
